M.Sc. student of Structural engineering, Ferdowsi University of Mashhad, Mashhad, Iran. Since Fall 2015, GPA: 3.11/4

First Thesis Title: The experimental and numerical studies on the behavior of steel fibers reinforced concrete beams with lap-spliced length under static and cyclic loading

Expected Graduation Date: August 2017.

Second Thesis Title: Investigation responses of the diagrid structural system with Tuned mass damper

Expected Graduation Date: August 2017.

Third Thesis Title: Investigation seismic behavior of concrete elevated tanks with new statistic method

Expected Graduation Date: August 2017.

B.Sc. in Civil Engineering, Ilam University, Ilam, Iran. GPA:3.44/4.
